Complete and sign the form on the next page. If you have a second author, complete the following page as well; see “Author information,” below. Save the file and append your last name to the filename (for example: “SubmissionForm\_Smith.pdf”). Email the form with your submission to StudentOutreach@stcidlsig.org . Only emailed submissions are accepted.

Before submitting your work, please be sure you have reviewed the STC IDL SIG Contributor Guidelines and edited your work to conform to those standards.

**Note:** You are responsible for ensuring that your article does not contain plagiarized content. Review the information found at <https://www.tcbok.org/contribute-2/contribute/tcbok-contributor-guidelines/quality-assurance/> before submitting your article.

## Topic Choice

You must seek pre-approval if your selected topic is not on the list in your Entry Packet. Email [StudentOutreach@stcidlsig.org](mailto:StudentOutreach@stcidlsig.org), tell us what you’d like to write about, and we will respond. Enter your selection on the “Topic” line at the top of the form on the next page.

## Author information

Complete this section for a single author or, if your article has multiple authors, for your point person. Complete “Co-Author Information” for a second author. For more than two authors (up to 15 total), please include a list of all authors’ names.

If your article is selected for publication in *IDeal: Design for Learning*, we will contact the point person to ask that each author send his or her completed bio form with electronic signature. You may type your name as your signature. Please submit your article only once, even if it has multiple authors.
